NURSE DELEGATION TRAINING

Nurse Delegation for Caregivers

\$ call for fee

Students need to get their book prior to class.

The Nurse Delegation Course provides the training to nursing assistants working in approved settings to be able to perform certain tasks--such as administration of prescription medications or blood glucose testing--normally performed only by licensed nurses. A registered nurse, Registered Nurse Delegator or RND, must then teach and supervise the nursing assistant, as well as provide nursing assessments of the patient's condition.

Special Focus on Diabetes (Insulin Delegation)

\$ call for fee

Students need to have completed Nurse Delegation for Caregivers prior to this class (bring your Nurse Delegation certificate). Students need to get their book prior to class.

Checks, cash, or money orders are accepted only. Sorry, no credit cards are accepted at this time. Thank you for your cooperation.
